

153VC vertical vacuum sealer

The 153VC vertical vacuum sealer is ideal for creating vacuum brick bags of powdered products (such as ground coffee) or nuts. The brick shape is created with a custom cassette, which is useable for multiple bag per cycle operation.

Technical specifications	VMS 153 VC
Seal length	1 x 380 mm
Seal width	5 mm bi-active seal
Pos. sealing bar	
Max. product size	380x80x270 mm (WxDxH)
Consumption	750-1000 W
Voltage	230 V/50-60 Hz
Dimension	490x650x750 mm
Pump capacity	21m ³ /h
Number of gas pipes (opt.)	-
